Taps by Häfele

With more than 90 years of experience, Häfele's range of mixer taps are designed with the home user in mind and are made to the strictest WELS requirements for the Australian market.

Contemporary, practical and reliable, we have selected only the best manufacturers who truly understand our brand and our vision to provide Kitchen Designers and end users with a comprehensive range of mixer taps. Be it chrome, black, combination of black and chrome or stainless steel, Häfele has a mixer tap to suit your design.

The mixer tap range includes traditional lever style, gooseneck, squareline and industrial look as well as mixers with pull out vegie sprays or spouts ensuring no part of the sink is out of reach.

Häfele mixer taps have also been designed with our comprehensive sink range in mind. Whether it be a stainless steel pressed Essentials sink, handmade squareline brushed or linen textured sink or a quartz composite sink, we will have a mixer to suit.
