

A superior selection that integrates practical functionality with a beautiful design aesthetic for today's modern home.

OUR TRUSTED BRANDS

Lincoln Sentry is delighted to present a contemporary suite of kitchen, outdoor and laundry sink solutions from industry-leading manufacturer Oliveri. We supply the full range of quality Oliveri products, including those that may not be in this catalogue. Discover more about this exceptional Australian company at lincolnsentry.com.au

Oliveri's commitment to the environment

As well as being a name synonymous with style and quality, Oliveri maintains their long-standing focus on responsible interactions with the planet. Their locally made and imported products are manufactured to stringent health and safety standards and comply with all environmental certification policies. The company is also a proud signatory of the Australian Packaging Covenant (APC).

Sustainable materials

Oliveri works with sustainable and recyclable materials, and their Adelaide-based factory operates within a 'zero waste-to-landfill' process.

Made to last

Oliveri products are designed to stand the test of time. All kitchen sinks come with a lifetime manufacturer's warranty and their tapware offers warranties of up to 15 years.

Recyclable packaging

All materials used in Oliveri bathroom packaging are 100% recyclable, and the company is well on its way to ensuring that all kitchen packaging meets these same standards.

Products designed to stand the test of time

Choosing the perfect sink

Follow these simple steps to tailor a system that complements your kitchen design.

Please note the full Oliveri range may not be featured in this brochure, however it may be found at www.lincolnsentry.com.au/oliveri

STEP BY STEP

01

Installation

Topmount sinks are installed above the bench top, undermount below, and flushmount are installed flush with the bench top. We recommend you go for a topmount sink when using a laminate benchtop.

02

Cabinet size

Check that your cabinet is wide enough (left to right) and deep enough (front to back) to accommodate your chosen sink.

03

Configuration

How many bowls do you want? How many drainers, if any at all? And do you want the bowl on the left or right hand side?

04

Finish

Sinks come in polished, brushed and coloured stainless steel as well as granite finishes.

05

Bowl size

Do you want deep bowls for submerging baking trays and other cooking utensils? Or do you just need enough space to wash dishes too fragile for the dishwasher?

06

Pressed or fabricated

Pressed bowls are made from drawing the shape of the bowl out of a sheet of stainless steel, while fabricated bowls are made by folding their shape and welding its sides. Generally fabricated sinks will allow for tight radius edges, while pressed bowls will have a rounder, more traditional shape.

07

Tap integration

Do you need a big tap landing for multiple taps? Or do you prefer a sleeker look with no tap landing?

08

Accessories

Check what custom-made accessories are available for your sink, to make the most of your sink space.

09

Warranty & service

All Oliveri sinks have a lifetime manufacturer's warranty*. For more information visit oliveri.com.au

Goose neck vs. single lever tap

Goose neck taps make a grand statement in your kitchen, while a single lever tap is simple in design, offering a low-profile look.

Finish

Today, kitchen taps come in an array of finishes from polished chrome to matte black and white. Choose a finish that compliments the rest of your kitchen appliances.

Spray and select button

Some mixers have an easy-flick button that changes the water pressure from high pressure to shower spray. You can also choose a select button that allows you to stop and start the water flow.

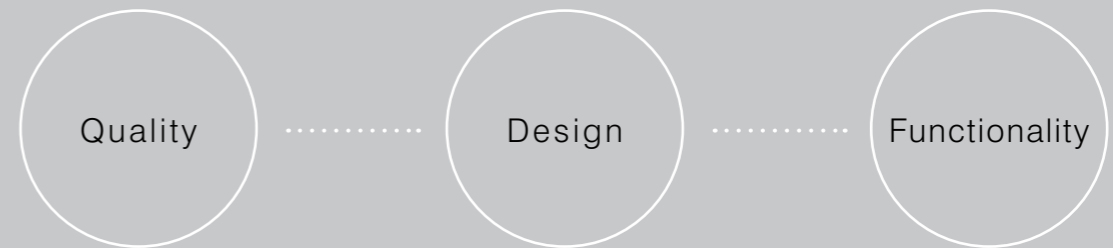

Water pressure

Be sure to check that your water pressure is compatible with the guides specified within your warranty.

Pull out mixer

A pull out mixer adds new functionality to your kitchen tap. The pull out gives you extra reach and is particularly helpful when filling pots and vases.

Trusted name

Look for a reputable brand that supplies quality products complying with Australian Standards.

Warranty

Compare warranties across products and look for the brand with the most confidence in their products. Oliveri taps come with a 10-15 year warranty*.

Watermark

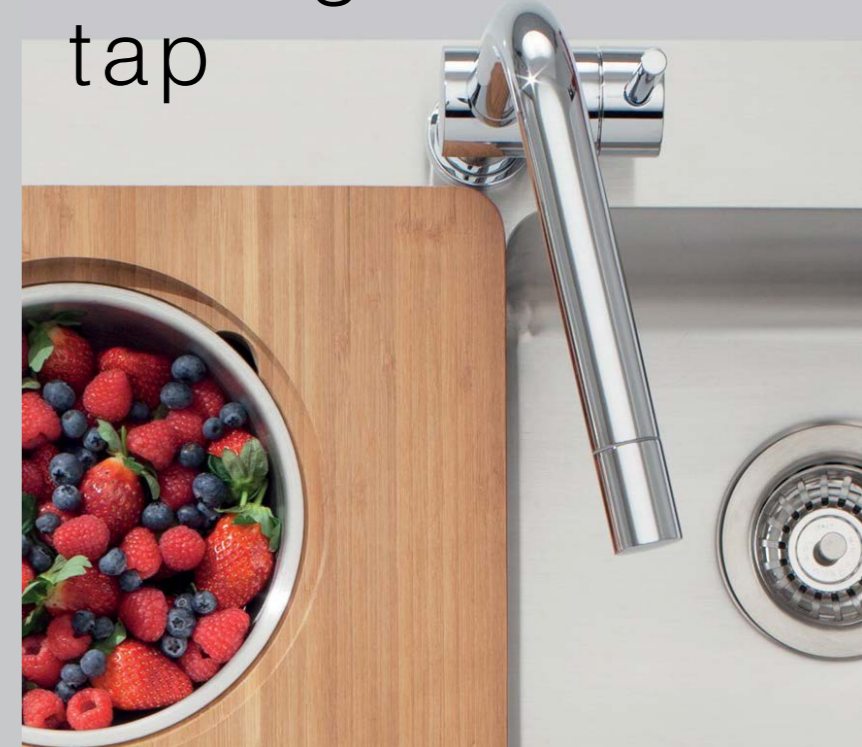

Ensure that the tap you are purchasing has the Watermark Logo (you can usually find it at the back of the tap). This confirms that the tap complies with Australian Standards.

WELS rating

This rating is designed by the Australian government to indicate the water efficiency of taps and other water related products. The higher the star rating (out of 6) the more water efficient it is.

Selecting the right tap

SANTORINI RANGE

FEATURES

Italian made

Santorini sinks are made in Italy to ensure premium quality and reliability.

Yours for life

This rock solid sink comes with a lifetime manufacturer's warranty* for your peace of mind.

Glass top

This show stopper comes with two glass panels that when closed completely conceal the sink bowls, creating an uninterrupted benchtop surface with a sleek look to match modern appliances.

- ALFRESCO

Scratch resistant

This resilient sink is ready to battle your knives and forks. If it does scratch, you can buff them out with a bit of elbow grease and multi purpose cleaner.

Heat resistant

The granite is able to withstand thermal shocks and is heat resistant up to 280°C. But we do recommend using a surface protector for hot pots which can reach up to 600°C.

Stain resistant

Dirt and stains can easily be removed by gently wiping the sink with hot water and detergent, and then rinsing.

Easy to clean

An active agent in the sink resists limescale making it easier to clean.

Heat and sound insulation

Helps maintain the water temperature and absorbs noise.

Antibacterial

Removes bad smells and pollutant substances often found in the kitchen.

DESIGN TIP

For a modern feel choose black handles to match the black sink.

Moritz / Black Handle

Universal installation /

These universal sinks offer greater flexibility as they are suitable for both topmount and undermount installation.

Topmount sinks offer a classic, more traditional look and will work with any bench top material.

An undermount sink will create a sleek and modern style and are best suited to natural or engineered stone bench tops.

FEATURES

Premium finish

Constructed from 1.2mm brushed stainless steel, the Sonetto sink seamlessly fits in with your contemporary appliances.

Yours for life

All sinks bearing the signature Oliveri logo come with a lifetime manufacturer's warranty*.

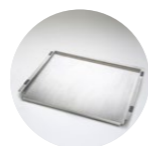

Unique drainer design

The unique drainer design drains water efficiently into the sink.

Contemporary design

The 25mm tight radius corners are easy to clean while still providing the contemporary look.

- 1-488-061

Outdoor Entertaining

Extend the functionality of any home with a practical and modern outdoor kitchen. Enjoy the convenience of entertaining anytime of year, from quick evening dinners to long Sunday lunches, our alfresco kitchen ideas will handle the workload.

Functionality

Choose a sink and tap combination that suits your design. Whether you're creating a fully functional kitchen or a simple bar area, there's a configuration that's sure to work.

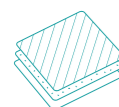

Design

While interior design themes within a home can extend to outdoor kitchens, exterior settings present their own opportunities. Create a look that complements the area.

Location

With flexible options you can place your sink and taps in a location that makes cleaning up a breeze. Incorporate a BBQ area and plan an ergonomic layout to suit.

Materials

Outdoor kitchens should be designed to handle tough treatment. Choose hard-working materials, like stainless steel and granite, for lasting durability and resilience.

Shelter

To maintain the quality of an outdoor kitchen, we recommend adequate shelter from harsh weather conditions. Undercover alfresco areas are also easier to keep clean.

Cater to all seasons with practical and stylish glass & aluminium doors

Product Spec:
PROFILE: 50 / 31 Box Glass Champagne [O]
INSERT: Dark Grey (60%) Tempered Glass [O]

DESIGN TIP

Stand up to the elements

Keep your kitchen looking like new with Alsert's weather resistant aluminium and glass cabinet doors. Purpose built for the great outdoors, the innovative range is backed by a 10 year warranty and offers the freedom of customised colours and prints.

Choosing a laundry sink

The sink

In addition to our purpose-built laundry tubs, many of our kitchen sinks are perfectly suited for use in your laundry. A deep bowl kitchen sink, for example, provides ample space for soaking clothes and filling buckets.

Colour

Our sinks are available in a range of hues, such as our copper Spectra or black Santorini designs. Plus there's an option to integrate a contemporary palette with the choice of black or white Vilo mixer taps.

Overflow and bypass plumbing

Avoid accidental overfilling by choosing a sink with an inbuilt overflow option. Our laundry range also offers bypass plumbing that diverts washing machine grey water to drainage below the waste outlet.

Bench depth

While 600mm is the standard depth of a kitchen bench we recommend that laundry benches are a minimum of 650mm deep. As well as providing the option to install a large laundry tub, having this extra depth will also help you accommodate any hoses that are tucked behind your washing machine.

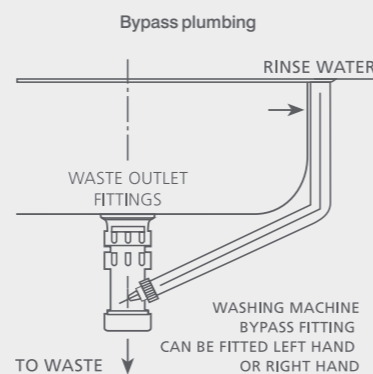

Cabinet width

It's important that you consider the width of your cabinets as laundry sinks can be larger than kitchen

sinks. The Oliveri T170 laundry tub, for instance, requires a minimum cabinet width of 700mm.

Pull-out spray mixer taps

Mixer taps with a pull-out spray provide you with extra reach and added flexibility. They are especially useful for cleaning the sink, rinsing clothes and filling bulky items like mop buckets.

45L laundry tub and Essentials
goose neck pull out mixer
(1-488-041)

Look for a single deep bowl for soaking clothes or filling buckets. If space is limited, go for a standard single bowl kitchen sink.

Make easy work of household laundry with a range of accessories designed for your convenience.

HOT TIP

Maximise your space and make organising laundry easier by adding a hanging rail or a laundry valet to hang clothes.

DESIGN TIP

LAUNDRY ACCESSORIES

Use space more efficiently with accessories such as pull out ironing boards, laundry hampers, vacuum cleaner storage systems and wall-mounted iron holders.

OLIVERI SINK LIFETIME WARRANTY

All Oliveri sinks are accompanied by a Lifetime Manufacturer's Warranty that complies with the Competition and Consumer Act (2010) in Australia. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the issue does not amount to a major failure.
