Decorative Metal Screens

polytec's beautifully designed Decorative Metal Screens are an illustrious addition to commercial fit outs and residential alfresco areas.

polytec's Decorative Metal Screens are available in twelve designs suited to various styles of projects, or custom laser cut pieces* which are priced on application. Supplied raw this product is suitable for professional powder coating or wet spray, in the colour of your choice. polytec's Decorative Metal Screens are a distinguishing adornment in commercial and residential designs.

Decorative screening adds a touch of luxury and interest to residential spaces, with the versatility to be used inside or outdoors as an alfresco feature. Decorative screens are the newest answer to simple, modern art and standout feature walls. polytec's screens are available in geometric, Moroccan, and art deco patterns along with modern arrangements to suit any commercial or residential project.

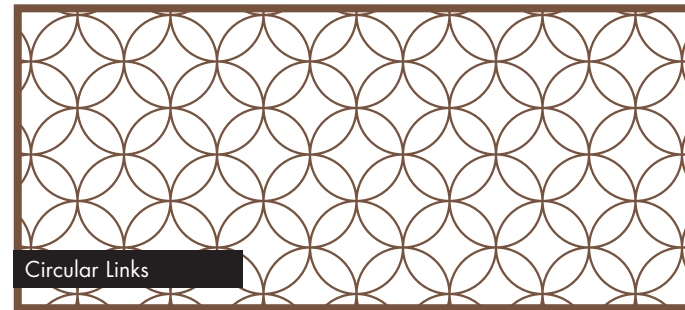

Our decorative metal screens are available in four different materials depending on the nature of application, and a maximum sheet size of 3000mm x 1500mm.

- Mild Steel, available in 3mm & 5mm
- Aluminium, available in 3mm & 5mm
- Stainless Steel, available 3mm & 5mm
- Corten, available in 3mm

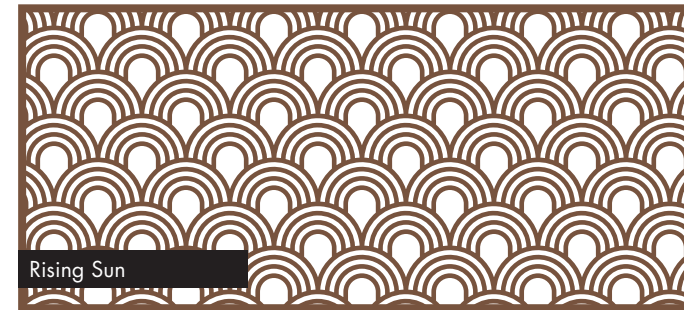

To maintain integrity and rigidity, all screens are finished with compulsory borders with a minimum edge distance offset of 5mm.

* Computer Aided Drawing (CAD) fees may apply.
